

Area 33 Sunday Lunch – July 24th Kings Head, Gosfield

It was certainly a day for optimists.

Sunday Lunch was booked at The Kings Head, Gosfield, but the mornings grey cloud looked very uninviting for Jaguars to venture forth in.

However, hunger always wins for me as we headed North through Essex countryside. The A131 is quite a pleasant country route but it was surprising how its busyness suddenly gave way to the quiet tranquillity of

true Essex countryside as we turned onto the A1017 Gosfield Road; coincidentally as the sun came through, very strange?

The Kings Head looked neat and tidy as we parked up. Taking pride of place was Ron & Pam's newly restored and excellent MkX; with Reg & Ronnie, Terry & Trish and Eric & Linda parking over in the shade.

The roasts of the day proved very good value at £7.95 with thick cut rare beef and pork with excellent crispy crackling!

Dessert proved a major problem, decisions on a Sunday are not always easy and this menu made it impossible; the answer was on the card; "The Full Monty". A selection of ALL seven desserts for us to sample; from poached pear, apple & rhubarb crumble to ice cream, very nice!

Cappuccino's finished off the meal as we discussed all things Jaguar including the rising cost and non-availability of tyres!

As we ventured back out for the drive home the sun was even stronger which made the homeward journey even more pleasant.

'Til the next time

Eric Hoile
